Average annual production in bottles	

Address	
Phone number	
E-mail :	
N° DUNS	

The applicant estate	YES	NO
- exploits a unique vineyard, vinifies and conditions 100 % of its production		
- consists of several legal entities of trading companies		
- is adjacent to a trading company		

If you answered YES to one of the last 2 questions, specify:	YES	NO	Estimated Volume
- the applicant legal structure has a trading activity. Give all the necessary details:			
- the applicant legal structure sells all or part of its production (grapes, musts or bulk) to a trading company-controlled by itself. Does this trading / processing company buy grapes or bulk conventional wines?			
- the applicant structure controls (1) a trading company but conditions itself, on the domain, its own production (no transfer of grapes, musts or bulk). Does this trading / processing company buy grapes or bulk conventional wines?  Does this trading / processing company vinify / raise/ bottle under the same roof as the applicant company?			
All related companies are controlled by a certifying organization (please attach Organic certificates)			
Other cases or information			

(1) Controlling the applicant company in a trading / processing company means the influence of the owners or managers of the candidate company on the said trading / processing company.
